When it comes to food, we have a recipe for everyone

Passionate about quality

a reason for an occasion

Personalised Services

24 x 7 Prompt Service

Hygienic Atmosphere

Specialized in Industrial Catering

The way to start...

### The Express way!

Food culture says a lot about an organisation. Because food means so much more than just a way to appease hunger. It is a quotient of fulfilment, tranquility and nurtures the sense of belonging. Our mission began as one to appease the tastes of different people. We started out as caterers to a small group of people. Today, we have made it our mission to provide comprehensive catering solutions to a host of corporate houses, educational institutions and private services.

### Vision

Create new altitudes in food production and service management

### Mission

Ensure high quality processes through every stage of production

Manage, maintain and sustain a highly efficient supply chain system

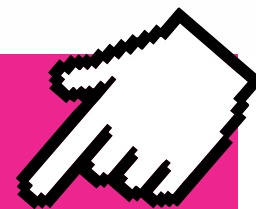

Maintain consistency in quality for both food production and delivery

Institute efficiency in processes to ensure simultaneous management of food delivery at multiple locations

Move up the value chain in product and service offerings

“ At Express Caterers, it's not just about food. It is about creating a recipe for everyone. It is about understanding the nuances of food making and service. It is about ensuring that only the best goes in. Every time. ”

We have grown into distinct existence with an impeccable track record

### Express today!

In the last eight years since we started, we have grown into a distinct existence with an impeccable track record for high quality food.

In this time, we have become an integral part of mess services catering to many educational institutions across the state of Tamil Nadu.

### Express trust!

From day to day catering services in hostels and canteens to special catering services for corporate organisations, to weddings and banquets, we have done it all. Our expertise in these areas has helped us evolve our product offerings. Today, our repertoire stretches from authentic South Indian food, to world cuisine.

At the messes we serve in, we take care to break the monotony and infuse new flavours into everyday food. This is one of the reasons why we have been able to retain our existing customer base and expand to new territories.

We make Institutional Catering special

We do catering through out India

### Express Delivery!

We have always been passionate about quality; more so, because it has to do with food. We decided early on, that there would be no compromise on the quality and quantity of the food we made and delivered. Over the years, this has become our watchword.

As we grew into a corporate enterprise with multiple locations, we instituted an effective supply chain system and systematic food production processes. This is largely how we have been able to understand and cater to the tastes of different people at different locations.
